Smart Beetle

Do what you want, where you like

The smallest and smartest Braille display!

Smart Beetle

Do what you want, where you like

Slim, sleek and beautiful, the Smart Beetle is the perfect complement to your smartphone or tablet for Braille access on the go, allowing you to operate up to six devices at once.

Connect to up to 6 devices at once

With 1 USB and 5 Bluetooth simultaneous connections, have instant Braille access to all of your devices, easily switching between them on the fly.

Sleek and slim

The lightweight Smart Beetle is small enough to fit anywhere you can store or carry a 5" smartphone.

Compatibility with screen readers across many platforms

Smart Beetle is compatible with most major screen readers for Windows, Mac, Android and iOS.

Unique Bluetooth keyboard function

Allows you to use your Braille keyboard to emulate a standard Bluetooth QWERTY connection for operation of devices that do not support Braille input.

Combo Mode

Allows you to use the Braille display and Bluetooth keyboard connection with the same device, and switch input to the Keyboard Mode when the screen reader interface is not convenient.

Long Battery life

A 24-hour battery life ensures uninterrupted Braille access to all your devices, no matter how long you are out and about.
